

## André Roberts, CFA

---

**André Roberts, CFA**, Director and portfolio manager, is a member of BlackRock's Australian Equities team.

Mr. Roberts' responsibility is managing quantitative Australian equity portfolios across index and active strategies. Having been involved with building BlackRock's Australian Quantitative Equities capability since its origins in 2003, he is familiar with a broad cross-section of the investment and operational processes. Prior to joining BlackRock in 1999, he worked as a Quantitative Analyst of Australian Equities for five years with County Investment Management and as a Treasury Dealer for a year with the Bank of Melbourne.

Mr. Roberts earned a BSc degree in statistics and a post-graduate degree in econometrics from Monash University in 1991 and 1992, respectively.
